

The SLA11NPNC003 Emergency Stop Control Station ensures fast machine shutdown in critical situations. With a push to stop, twist to release actuator, visual indicator, and 1NC safety contact, it's easy to monitor and operate. Its NEMA 4, impact-resistant enclosure and horizontal knockouts make it ideal for industrial machinery, production lines, and harsh environments.

Key Features:

- Push to Stop, Twist to Release Operation – Instant emergency shutdown with a manual reset function.
- 40mm Red Mushroom Button with Visual Indicator – Provides clear and highly visible status indication.
- 1NC Safety Contact – Ensures fail-safe operation and quick response to emergency stop commands.
- NEMA 4 Enclosure for Harsh Environments – Dustproof and weather-resistant, ideal for indoor and outdoor industrial applications.
- Durable, Industrial-Grade Construction – Designed to withstand vibration, impact, and industrial wear.
- Meets Industrial Safety Standards – Ensures compliance with OSHA, NEC, and machine safety regulations.
